To: Val Tupling and
Eastbourne Borough Council,
(Planning Policy Team)

7th June, 2012

Dear Val,

Examination of Eastbourne Borough Council's Core Strategy (LDF)

The Inspector has asked me to thank you for submitting the additional evidence that she requested at the Examination Hearings. She has also asked that I draw your attention to document CS2 (G), where Table 1 is a list of Main Modifications. In order to avoid delay these proposed modifications should be subject to 6 weeks of formal consultation as soon as possible, so that the Inspector can take account of any comments in her report.

In addition, the Council should consider whether any of the proposed modifications should be subject to Sustainability Appraisal, so that this can also be carried out in time to inform the Inspector's report if appropriate.

Please contact me if you have any queries regarding these matters.

Yours faithfully,

Jean Radley
Programme Officer
