Dear Val/Lisa,

Town Centre Area Action Plan

At the end of the Core Strategy examination Hearings I was asked whether it would be possible to put the examination of the TCAAP document "on hold" to allow you to carry out further work on it.

As promised I have contacted PINS and I understand that other examinations in similar circumstances have been put "in abeyance." As a guide this has generally been for a period of up to six months. This seems an appropriate way forward in your situation and would allow you to carry out additional work and consult on a revised version of the AAP. The alternative would be to withdraw the AAP and re submit at a later date.

If you decide to place the plan in abeyance please could you write to me via Jean Radley to confirm your intention. You will appreciate that I will be carrying out other work and therefore you should give as accurate a date as possible for submitting the revised AAP, allowing time for the additional work to be carried out, for six weeks consultation to be undertaken and for collation of responses. If circumstances change could you keep me up to date and please could you let me know when all the work to revise the plan has been completed, before consultation.

I hope that this provides you with a positive way forward but if you have any questions please contact me via the programme officer,

Yours sincerely,

Jean Radley

Programme Officer

On behalf of the Inspector Mrs Sue Turner
