Lewes District Council Street Trading Guidance

1) Introduction

The Council has exercised its powers to control Street Trading since the Local Government (Miscellaneous) Provisions Act 1982, Schedule 4, enabled it to do so. These powers have been used to regulate such trading in Lewes, Newhaven and Seaford town centres along with the A26 and A27 main trunk roads. The Council has resolved to make the following streets as “Consent Streets” in its District.

Lewes Town:- Cliffe Bridge, Lewes Pedestrian Precinct, High Street up to junction with Rotten Row, Cliffe High Street, School Hill, Lansdown Place, Eastgate Street, Friars Walk

Newhaven Town: - Newhaven Pedestrian Precinct in Newhaven Town

Seaford Town:- Station Approach, Clinton Place, Sutton Road, Broad Street, Church Street, Church Lane, High Street, Place Lane, South Street, Saxon Lane, Marine Parade, The Esplanade, and all streets 50 metres inland from Marine parade and the Esplanade.

A26 and A27 Trunk Roads.

Anyone wishing to trade in controlled streets will need to obtain “Consent”. Any Consent can be made subject to conditions which the Council consider are reasonably necessary. This means that a person trading without the consent of the Council will be guilty of an offence liable on summary conviction to a fine not exceeding level 3 on the standard scale.

2) Guidance Scope and Purpose

3) Consideration of Applications for Street Trading Consent and their Administration

In considering applications and subsequently regulating Consents the council will work within the following principles:

- a) Nothing in this Guidance will undermine the rights of any person to make an application for a Consent and to have that application considered on its merits or, override the right of any person to make objections about such application and any decision resulting from it.
- b) Adherence to the Council's Enforcement Guidance and other relevant Council policies.
- c) Observing presumptions against granting Consent as set out in paragraph 4 below.
- d) Seeking compliance with all relevant legislative requirements.
- e) Ensuring the suitability of applicants, their proposals and their appropriateness to the proposed trading location.

- i) Aiming to be as consistent as the council can in delivering our responsibilities for Street Trading control.
- j) The Council may at any time vary the conditions on a street trading consent.

4) Presumptions against Granting Consent

Whilst all applications will be considered on their merits the following factors are likely to be influential in any refusal:

- i) Applicants with relevant unspent convictions, unpaid debt or previous Street Trading contraventions.
- j) Failure to meet legislative requirements, including risk assessment, relevant to the activity proposed or location, especially with regard to public safety.
- k) Failure to obtain or complete other necessary consents or registrations e.g. planning, licencing, food, waste disposal.
- l) Failure to put in place measures to prevent uncontrolled fire or explosion risk.
- m) Trading on or close to Bonfire Night in the Lewes town area.

- a) permit trading outside the terms of the Consent;
- b) indicate that the unit is exempt from business rates;
- c) override parking restrictions or any other traffic regulations; or
- d) imply approval under any other system of control or regulation e.g. planning.

6) Deemed Consent

The following activities are deemed to already have consent and therefore an application is not required to be submitted.

- b. Individual householders immediately outside their own home
- c. community group sales without profit (such as churches, village halls etc.)

7) Consultation

In order to assist its decision making with Street Trading Consent applications the Council may consult with a range of organisations for applications to trade for more than 3 months, which may include those listed below or others as appropriate. A period of 28 days will usually be allowed for comments to be received.

- Sussex Police.
- East Sussex Fire and Rescue Service.
- The Highways Authority, Children's Safeguarding Team, Public Health and Trading Standards Service at East Sussex County Council.
- Various sections of Lewes District Council including Planning, Public Health and Noise Control Team, Commercial Food and Occupational Safety Team, Parking Team, Neighbourhood First, Enterprise and Regeneration Team.
- Relevant Ward Councillor of Lewes District Council.
- Relevant East Sussex County Councillors
- Town and Parish Councils.
- Local business groups or their representatives.
- Immediate neighbours, commercial and domestic (usually by Public Notice in the area).

8) Conditions

General conditions will be attached to every Street Trading Consent detailing the holder's responsibilities. Additional conditions may also be attached which relate to the type of activity and location for which the Consent is granted.

The conditions may limit such things as: the days and the hours when Street Trading is permitted; the goods which may be sold; the size of the trading pitch; or any other relevant matter.

Where consent is granted for the pedestrian precinct in either Newhaven or Lewes it may be necessary for a limited number of occasions to suspend street trading for community events or for operational and safety reasons.

For details of the conditions see the appendices to this guidance. Persons engaging in Street Trading (as defined in the Act) without a Consent or who fail to comply with the conditions may be liable to enforcement action including: prosecution; revocation; non-renewal of Consent and, in exceptional circumstances, use of its powers to seek an injunction. Decisions regarding enforcement action will always be made in accordance with the Council's Enforcement Guidance.

Other markets or special events e.g. farmers or continental markets or late night Christmas shopping events may require consent. In such cases the Council will issue a single Consent to the organiser which will cover all traders at the event.

Where a market has been granted consent they shall be exempt from being required not to sell similar goods to adjacent fixed businesses due the nature of them being a market selling a variety of goods. However there may be a requirement to limit the number of lines of particular goods.

9) Bonfire Night

Street Trading Consents that are granted for any days other than Bonfire Night will be prohibited from operating on Bonfire Night in the Town of Lewes. A separate application will be required to be submitted to the Council for Street Trading on November 5th or the preceding Saturday if this falls on a Sunday. Applications for trading, which are located on consent streets are unlikely to receive Consent. Consent on these streets will only be granted in exceptional circumstances and additional conditions to promote public safety will be attached to any Consent granted. Applications for other streets will be assessed on their individual merits in consultation with the normal agencies.

10) Complaints and Enforcement

Legitimate complaints will be fully investigated in accordance with our procedures. Consent holders are expected to liaise with the Council to resolve complaints about them. Substantiated complaints may result in enforcement action being taken or a Consent being revoked. Such decisions will be made in accordance with the Councils Enforcement Guidance.

Where it is necessary to revoke a consent for contravention of conditions the consent holder shall be able to appeal the decision of the Licensing Senior Specialist Advisor and a report shall be prepared and presented to the Licensing Committee.

Complaints may also be taken into account when considering an application to renew a Street Trading Consent.

Planning permission may be required for the use being applied for under the street trading guidance; pre application advice should be obtained from the planning department to ensure the correct permissions are obtained prior to the use being implemented. Please contact customerfirst@lewes-eastbourne.gov.uk to ensure the use proposed does not breach planning regulations.

11) Review of the Guidance

This Guidance will be reviewed every five years. At the time of the review, the council will again consult all interested parties. As well as the five-yearly reviews, the council will continue to evaluate the guidance and may update it at any time. Any minor changes can be agreed by the Chair of the Licensing Committee in consultation with the Senior Specialist Advisor.

12) Exemptions

The following fall outside of the Council's Street Trading controls, but may require consent or approval from other agencies:

Charitable Stalls in Lewes District Council Precincts Newhaven and Lewes

A separate application will be required to trade on the Council's land available from the Licensing Team at the Council.

Pedlars - Pedlars operate under the Pedlars Act 1871 and must obtain a Pedlar's Certificate from the Police. Pedlars are people who sell from place- to-place and cannot sell from a fixed pitch; they must move around and not wait for customers to come to them, they cannot stand in any one place for a considerable time, nor can they exhort those passing, to buy their goods. Pedlars can carry their goods and can use a wheeled trolley to transport them.

Hair braiding, face painting, henna tattoos etc. - The law which governs Street Trading relates to the selling of articles and, as such, people who provide a service e.g. hair braiders, are not considered by the Council to be trading for the purposes of the legislation. However, if quantities of accessories used in hair braiding are also offered for sale then this would be Street Trading and may require a Street Trading Consent. Persons providing services in the street should take care not to cause any nuisance or obstruction as this could result in the Police or another authority taking action.

Busking – Can be controlled by the Council, in conjunction with the Police if need be. If a busker, or a group of buskers, act in such a way as to cause a nuisance, then they may be asked to cease and leave the area. Buskers using amplified music will not be tolerated.

News vendors/selling periodicals e.g. Big Issue - Selling or offering for sale newspapers or periodicals either with or without a stall does not require any Consent, however if the stall stands on the carriageway of a street, it must be less than 1m in length and width, less than 2m high and occupy less than 0.25m² of ground. Stalls larger than this or in contentious locations may require Consent.

Rounds Man - Selling, offering or exposing for sale things as a rounds man does not require a Consent to trade.

Markets/Fairs – Street Trading Consent is not required for trading at market or fairs which are established by virtue of a grant, enactment or order.

Streets Adjoining Premises – Street Trading Consent is not required for premises used as a shop or in a street adjoining premises so used and as part of the business of the shop.

A Trunk Road Picnic Area - provided by the Secretary of State under Section 112 of the Highways Act 1980.

A Petrol Filling Station - trading carried on at premises used as a filling station does not require Consent for Street Trading.

Highways Act 1980 the use for trading of an object or structure placed on, in or over the highway and the operation of facilities for recreation or refreshment under part 7A of the Highways Act 1980.

Street Collections the doing of anything authorised by regulations made under section 5 of the Police, Factories etc. (Miscellaneous Provisions) Act 1916.

13) Precinct Permits for A Boards, Tables and Chairs

The street trading provisions of the Local Government (Miscellaneous Provisions) Act 1982 regulate the activities of traders and Farmers' Markets. However, they do not apply to shops/cafes that extend their business out onto the precincts, advertising boards or (for example) political parties, which are campaigning from a stall.

On 22 July 2020 ("2020 Act") the Business and Planning Act 2020 came into force. This permits the Council to issue licences for tables, chairs etc on highways including pavements. These are called pavement licences. The 2020 Act temporarily replaces the relevant provisions of the Highways Act 1980 ("the 1980 Act". The 2020 Act which will cease to have effect on 30 September 2021 (unless further extended). It is intended that pavement licences will provide a quicker and simpler process to the 1980 Act regulatory regime.

In order to assist businesses the Council has decided to not charge an application fee for pavement licences.

Applicants can apply electronically to the Council who will consult with the Highways Authority and other key stakeholders. The application will have a consultation period of 7 days and then the application will then be determined within 7 days taking into account consultation comments and the details of the proposal. The whole process should take no more than 15 days and further details can be found on the Council's website.

Once the relevant parts of the 2020 Act no longer apply (expected to be from 30 September 2021) the following will again apply to precinct permits for A Boards, tables and chairs.

Precinct permits are usually controlled by Section 115 (A-K) of the 1980 Act. Lewes and Newhaven pedestrian precincts have the benefit of a pedestrian planning order and as such the use of the precincts is controlled by the District Council.

Street Cafes

Street Cafes requiring the placing of table and chairs for the purpose of serving refreshments outside businesses already having a premises in the Lewes or Newhaven precincts will require a permit.

Lewes District Council generally supports and encourages the provision of street cafés in town centres within the district, as they make a positive contribution by adding vitality, colour, life and interest to the street scene. They can help maximise the use of public spaces, aid the local economy and add to the facilities offered to people who visit, live and work in the district.

This guidance is intended to help businesses understand where street cafes might be encouraged and whilst the provision of street cafes is encouraged, it is important that they are properly administered and managed to ensure that they meet the legal requirements and the high standards expected by the Council.

Advertising Boards

Advertising boards placed immediately outside the frontage of the business are acceptable but any 'A' boards on a precinct not immediately outside the business will require a permit.

Street Collections

A street collection is permissible on a Farmers' Market Day - first and third Saturday each month. However, no additional permissions will be granted for use of Lewes pedestrian precinct on this day with the exception of tables and chairs permission.

On receipt of a satisfactory application the required date will be allocated, subject to availability, and a permit issued with a copy of the original application. All conditions of use must be adhered to along with any additional conditions that may be applied to a specific use on the permit.

General Criteria

Anyone wishing to apply for a Precinct Permit for A Boards, Tables and Chairs should read this guidance and detailed conditions to check that their proposal meets all the criteria.

Although each application will be considered on its own merits this guidance contains key points that must be considered in every case.

- a) The area for which a precinct permit is sought must be a highway as defined by S115A Highways Act 1980, namely a pedestrian planning order is in force;
- b) Before considering a precinct permit Lewes District Council must carry out consultations and publish a Notice in accordance with the Highway Act 1980. The Council must take into consideration all representations made to them when considering an application for a precinct permit.
- c) The Council will not permit any objects to be placed on the highway, which will cause a hazard or an obstruction to the free flow of pedestrians, prevent the normal access to premises adjoining the highway, access by emergency or service vehicles or to prevent statutory undertakers and operators of

electronic communications code network having access to any apparatus in, on or over the highway.

- d) Precinct Permits for tables and chairs will only be issued to cafes, restaurants, public houses or other catering establishments that serve food and drink within the premises and employ sufficient staff to provide table service to the outside area and have sufficient provision of sanitary conveniences for use by the public.
- e) In considering such applications the Council will give particular consideration to Section 17 of the Crime and Disorder Act 1998 therefore prior to granting any consent for tables and chairs within the highway, the Council will pay particular regard to any potential for crime or disorder arising either directly or indirectly from the consent and will give significant weight to the views of the local police.
- f) To protect the attractiveness of the streets, the council will require:-
 - The appearance of the tables and chairs must ideally enhance, or at least not be detrimental to the street scene.
 - The tables and chairs and their associated activity must not cause environmental problems or detract from the amenities of adjacent retailers/occupiers. For example, there must be no litter problem, smells from food sales, or noise, so as to cause nuisance or annoyance.
- g) The Council will ensure that the layout of the furniture will provide adequate access and circulation space for all customers including wheelchair users and those with push chairs, buggies, and members of the public with mobility issues etc.
- h) The Council will generally apply hours of operation between 9am to 6pm from Monday to Sunday for tables and chairs permits. The Council in approving such applications will have regard to an applicant's previous track record of compliance with the conditions attached to any previous permit or compliance with other associated conditions controlling their trade.
- i) The Council will require that all glasses, crockery and other ancillary items used in the permitted area, are made of a toughened material. All glass-bottled drinks, including alcoholic drinks must be served in toughened drinking glasses. Glass bottles are not allowed in the permitted area.
- j) The Council will not permit music to be broadcast on to the permitted area.
- k) The Council will not accept an application unless the following have been provided:
 - A completed application form
 - Correct fee
 - Plans (Pitch Layout and photos)
 - Evidence of public liability insurance

- l) The Council's standard conditions will be applied to all "Precinct Permits" for tables and chairs. In addition to the standard conditions the Council may also impose special conditions on individual precinct permits for tables and chairs.
- m) Tables and chairs placed on the precinct without permission are an obstruction of the Highway. Any person who has placed tables and chairs on the precinct without a valid precinct permit issued by Lewes District Council will be referred to the Highway Authority for enforcement action.
- n) Permits will be granted for areas up to a distance of 2 metres immediately outside the frontage to their premises

Mobile Traders and Trading from Multiple Sites

Some applicants may wish to engage in Street Trading from a number of locations across the District rather than from a fixed location.

In such cases applicants must, when submitting the application, clearly identify, as far as reasonably practicable, all of the locations they wish to Trade from. If an applicant proposes to trade on streets where there is already an existing Street Trading Consent, commercial need will be a relevant consideration.

Sites that Attract Applications from more than One Applicant

Multiple Street Trading Consents may be granted to different applicants for the same site, provided specific trading days/periods are applied for do not clash. In normal circumstances only one Consent Holder will be permitted to Trade on a site and in its immediate vicinity (i.e. within 100 metres) at any one time.

Special Events/Markets

At such events/markets the Council will consider a single application and issue a single Consent, covering all Traders, to the person organising the event/market, rather than to each individual Trader. The Consent Holder will be responsible for ensuring that conditions are met by all Traders.

Charitable or Public Service Application for Consent to use Lewes or Newhaven Precincts

The Council offers the opportunity for the free use of these areas for the promotion of Public Wellbeing and Charitable giving or involvement in Public or Charitable service. This can include the incidental sales of related goods. This opportunity is subject to conditions applied in line with the Councils Guidance on Street Trading.

Service Standards for Processing your Application

The council aim to process your application within 6 weeks from the date it is properly received as complete and it is not contentious.

In this time the council will undertake several steps including:

1. Consult with some or all of the following before granting consent:

- Sussex Police
- East Sussex Fire and Rescue Service
- The Highways Authority, Children's Safeguarding Team, Public Health Network and Trading Standards at East Sussex County Council
- Various section of Lewes District Council, including: Planning, Public Health and Noise Control Team, Commercial Food and Occupational Safety Team, Parking Team, Clean/Green Team
- Relevant Ward Councillor of Lewes District Council
- Relevant East Sussex County Councillors
- Relevant Town and Parish Councils
- Local Business Groups or their Representatives
- Immediate Neighbours (usually by Public Notice in the area)

A period of 28 days will be allowed for comments to be received.

NB: It is unlikely that consultation will take place in respect of applications for a site that has an existing Consent (i.e. Renewals) or where Consent has recently expired, provided that no complaints have been received; the same goods are to be sold; and the application is largely the same as the existing or previous Consent. It is also likely that for new single day applications a trial day will be allowed without full consultation or with a much reduced consultation.

2. The Council's designated Licensing Specialist Advisor may display a Site Notice at the proposed site for 28 consecutive days for applications of 3 months or longer and if practicable.

3. The Council will maintain a register of consents, including mobile Traders which will be updated regularly.

4. The Council will make its decision as follows:

a) The Council's designated Licensing Specialist Advisor can grant most applications for Street Trading Consents under delegated powers.

b) However, where the Licensing Specialist Advisor believes the application should be refused or the application is very contentious e.g. because of objections, the Licensing Committee will be asked to make the decision. In addition, within the 28 day consultation period, local Ward Councillors have the option to request that the Licensing Committee consider any application about which there are serious concerns even if the Licensing Specialist Advisor is minded to issue Consent.

There is no statutory right of appeal for refusal to issue a consent.

5. Where the application is to go before the Licensing Committee:

- a. The Applicant is expected to attend and will be advised in writing of the date, time and place when the application will be heard.
- b. The Applicant can be represented by a solicitor or supported by a another person.
- c. The Applicant will be given the opportunity to make representations to Committee both in writing and in person.
- d. Written representations will need to be received by a set date to ensure there is proper time to arrange and inform Committee members. **This will usually be at least seven working days before the Committee meeting.**
- e. The Council's designated Licensing Specialist Advisor will prepare a report for the Committee regarding the application. The report will be made available to the Applicant at least five working days before the date of the meeting.

- f. When considering the application the Committee will ensure that all persons receive a fair Hearing and a formal process will be followed to ensure this occurs.
- g. The application will be decided upon at the end of the Hearing and reasons for any decision will be provided in writing following the Committee meeting.
- h. There is no Appeal available against the Committee decision.

Duration of Consents and Fees

Street Trading Consents will initially be issued for one of the following periods:

- a) Daily
- b) Weekly
- c) Monthly
- d) 3 Monthly
- e) 6 Monthly
- f) Yearly

Consents are not transferrable to other individuals.

Consent holders not able to make use of their Consent on the appointed day(s) can request that the Consent is carried forward to a date to be agreed with the Council. Such requests are likely to be agreed if conditions such as poor weather or serious family illness or bereavement are established.

All fees must be paid in full in advance unless an alternative arrangement has been agreed with the Council. The Council's fees and charges can be found on our website.

Applicants will be advised of the appropriate fee which may vary according to the type and regularity of trading.

Failure to pay fees may result in any Consent being revoked or, in the case of renewal, the Applicant not being permitted to engage in Street Trading once the previous Consent has expired. Non-payment of renewal fees may also result in any subsequent application being treated as a new application. Consent fees are set by the Licensing Committee.

APPENDIX D – Stall Design and Dimensions

1. In the case of markets, stalls of traditional timber barrows, stalls of a metal frame construction, gazebos or umbrellas will be preferred. Stalls consistent with the majority of others in a particular market will be preferred in order to promote a co-ordinated appearance. All stalls should comprise protection from the rain and sun as well as tables or other suitable devices for displaying goods off the floor. Stalls may be of a walk-up or walk-in design but must have a valance between the table top and the ground to enclose stock, equipment and waste containers.
2. Market stalls and ancillary equipment and stock must be contained within the stall. The licensing authority may vary the pitch dimensions of the entire market or any individual stall in line with the relevant statutory procedures.
3. Canopies, awnings and tarpaulins with traditional stripes are preferred. These should consist of a bold traditional stripe on a white or cream background or solid colour. Canopies, awnings and tarpaulins must be secured to the support structures neatly and securely, with adequate tension and no sharp projections.
4. Trading from vehicles will not usually be permitted on the precincts. Generally, trading from vehicles will only be allowed from the pitches at the ends of the markets or from within a zone of a market designated for the purpose (for example, a cluster of food stalls). The vehicles should be appropriate for their prominent position in the market. Similarly, trading from trailers or caravans will not usually be permitted. If trailers are to be approved in locations such as those for vehicles, their visual appearance should not be damaging to their surroundings.
5. In every case it is expected that design, construction and maintenance of stalls will be of a high standard. Designs, materials, signs and finishes should be appropriate for the surroundings. Modern or unique designs may not be acceptable in traditional areas but will be considered in places where the surroundings are outside the areas designated as places of architectural or historic interest.
6. A simple, coherent and traditional colour scheme is required, avoiding the use of bright or garish colours. For example plain, darker colours including green, maroon, black or blue combined with white or cream will be acceptable.

7. Small canopies/awnings are permitted only for the purpose of weather protection. In certain locations the use of canopies/awnings may not be acceptable. Such canopies/awnings must be specifically set out in the documentation submitted for stall approval. No goods or unauthorised signage shall be displayed on the canopy or awning.
8. Stalls should not be used to display stock on the outside surfaces of the stall (including the roof and awnings) unless such display equipment has been specifically included within the stall's approval. The use of gaudy or luminous colours for any permitted sign or branding is not acceptable.
9. Merchandising: Consideration should be given to the merchandising of goods. Use of racking, baskets, displays and other equipment should support the overall brand image and complement the overall appearance of the unit. Use of third party branded equipment or make-shift equipment (such as commercial fridges or metal baths displaying canned drinks or plastic buckets for goods), will not normally be acceptable.
10. Lighting: Consideration should be given to the appropriate lighting of both the commodities and how these are merchandised. Excessive lighting or inappropriate lighting is unlikely to assist trade. Consent holders should consider how their stall appears both during the day and evening when operational. Large halogen lights are inefficient and inappropriate, often causing glare. Backlit menus, price lists or video displays should be avoided.
11. Neon, animated, flashing lights, LEDs etc., including their use to make up words or graphics, will not normally be permitted. However where a particular lighting solution plays an integral part on the overall design and branding of the stall and goods, then consideration for an exception to this rule may be undertaken. Pin spots, halo lighting and in some circumstances feature lighting may be acceptable.
12. Appropriate festive lighting for holidays or special events is acceptable, particularly in the darker winter months.
13. Prior to any Consent being issued or in cases where a licensed trader wishes to change the stall, prior approval must always be sought from the licensing service. Proposals must include all display equipment and any attached, projecting or free standing elements.
14. Stalls and structures that are allowed to remain in place overnight and any new area of highway used for street trading will need planning permission. Where a structure is left on the street overnight and does not have this permission, proceedings may be taken for a breach of the Consent and/or for highway obstruction. Consideration will also be given to seeking a revocation of the Consent for a persistent failure to remove the stall or structure.
15. Stalls shall not be greater than 2.3 metres in height nor occupy an area greater than 2.5 metres x 1.5 metres without prior approval from the Licensing

Authority. Market operators may set their own size and dimension requirements with their traders but must not exceed the agreed plan as stipulated in the consent.

- a. there has been a conviction/caution for an offence involving dishonesty, indecency, certain sexual offences, violence or drugs;
- b. there has been a conviction/caution for an offence under the relevant legislation; or
- c. any other reasonable grounds.

Some discretion may be appropriate if the offence is isolated and there are mitigating circumstances. However, the overriding consideration should be the protection of the public.

The following examples provide a general guide on the action to be taken where the applicant has a conviction or caution. These are examples will be considered by the relevant offence.

Offences involving violence

Generally at least five years should elapse before an application is considered.

Drug Related Offences

An isolated conviction for a drug offence, whether for unlawful possession only or involving the supply of controlled drugs, need not necessarily debar a candidate. Generally applications will be refused from applicants until at least 3 years from the date of conviction.

Indecency/Sexual Offences

Generally applications will be refused until at least 5 years from the date of conviction.

Dishonesty

Convictions for isolated minor offences should not debar an applicant, but in cases involving serious theft or fraud at least three years should elapse before an application is considered.
