Information Request

Under the Freedom of Information act please can you advise whether you have cleaned the consumer data you hold within the last six months. By cleaned I mean identified and deleted individuals that have passed away and identified people that have moved house and updated their details.

Response by Lewes District Council

Lewes District Council has an ongoing process of updating customer data as soon as we are aware of changes; this includes removing the deceased from the Electoral Roll. However, information on the deceased and those who have moved is not automatically erased as we adhere to statutory retention periods and these can be viewed on our website –

The council usually reviews the data it holds after the end of the calendar year.
